To Whom It May Concern,

My name is Max Forzan, and I am the Chairman of the Board of 4Sand Industries Corporation. We are a leading development company with a presence in a multitude of sectors including the entertainment, automotive, and medical fields. 4Sand Industries Corporation is also responsible for the development of Dry Splash, the largest waterless car wash company in the US. Our primary objective at 4Sands is to help facilitate the growth of ideas and talent – be it revolutionary technology or transcendent art.

I am writing this letter today to provide additional support to Ms. Lili Morto, a supremely accomplished social media influencer and singer, as I understand she has received a Request-For-Evidence (RFE) for her O-1B visa. I'd like to clarify the exact nature of Ms. Morto's leading and critical work for 4Sand Industries Corporation and why it is so imperative that she be approved for this visa.

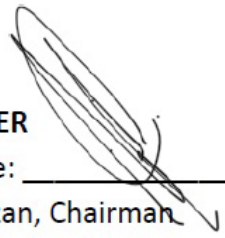
For a company like 4Sand, our continued success hinges on the pedigree of the talent that we recruit to join our roster. It is as simple as that – strong talent breeds innovation no matter the field you are in. We pride ourselves on our commitment to fostering diverse talent from around the globe, which is why we are so excited to be working with Ms. Morto. She has become a major sensation in her native country of Armenia as both a highly regarded social media influencer and an extraordinarily accomplished singer. She boasts over 205,000 followers on Instagram and over 145,000 followers on TikTok with over 1.5 million likes. Ms. Morto's video content has consistently gone viral, with her highest rated TikTok bringing in over 5 million views, while her YouTube channel has amassed more than 11 million views to date. Ms. Morto has leveraged this online success to secure lucrative brand endorsements with organizations such as Toto Gaming, which is Armenia's premiere online gambling website. As a singer, Ms. Morton has starred in the Armenian edition of the global smash hit *The Masked Singer*, where she performed a

myriad of different songs for millions of viewers across the country. She has also released a variety of hugely success singles, including the tracks *"Lili, Lili"* (over 4.7 million views), "*Zilina, Zilina"* (over 1.1 million views), "*5 Seconds"* (over 373,000 views), and *"Oligarkhs"* (over 272,000 views). On top of all of that, Ms. Morto has also collaborated with the band Hayat Project, performing with them at a series of sold-out concerts at Los Angeles' Starlight Bowl Arena. In country like Armenia, where the population is only 2.78 million, it's truly astounding to see Ms. Morto drawing in such high levels of viewership and capturing the attention of the public in the way she has.

Clearly, Ms. Morto has proven she has global appeal, particularly as a singer, which is why we are so eager to work with her here in the United States. Not only will Ms. Morto perform a leading and critical role on a solo album titled *My Eden* that we intend on producing, but she will also become an invaluable asset in promoting said album and a number of other projects that we have lined up for her. In a situation like this, working from abroad is simply not an option, which is why it is so imperative that Ms. Morto's visa be approved. If it is not, 4Sand risks losing a one-of-a-kind talent who is all but certain to continue to deliver mainstream commercial and critical success.

I truly hope this letter helps to shed light on the importance of Ms. Lili Morto's work for 4Sand Industries Corporation and why it is so vital that her O-1B visa be approved. A company such as ours is only as good as the talent we foster, and without Ms. Morto's stunning ability, I fear we may suffer long-term. Please do not hesitate to reach out with further questions.

Sincerely,



EMPLOYER
